Yokohama to Kobe encountered a gale which
damaged her considerably, but in spite of this
she averaged 15 knots the whole voyage, and
even attained a speed of 21 knots.A RUMOUR spread from Perak that the largest
mine in the world, employing from 5,000 to
6,000 men, at Kota, is to be closed. The fall in
prices has caused the miners to memorialise the
Government for a reduction in duty.YESTERDAY a sampan loaded with real live
pigs, while crossing over from Yau-mat-ti to
Victoria, was swamped in mid-harbour. The
sampler people were rescued by the crew of a
cargo-boat, but the piglets were sent to the
bottom of the deep blue sea.THE Singapore Press has heard that there
is a rumour that Sir Cecil Clement Smith,
late Governor of the Straits Settlements, was
offered, but declined to accept, the post of British
Ambassador to China lately filled by Sir Nicholas
Conroy, and now bestowed upon Colonel Sir
Claude MacDonald.We read in a Calcutta paper that the
Commander-in-Chief in India has confirmed the
appointment of Captain Wood, 7th Bombay Infantry,
viz., that he be cashiered for passing cheques
when he had no funds to meet them, and also
for disobeying the orders of the Commander-in-
Chief of Bombay.The programme of the Concert to be given by
Signorina Ferry in the Theatre Royal, City Hall,
on Tuesday next gives promise of a pleasant
evening, the songs and violin solos being well
arranged, the whole to be brought to a con-
cluding flourish by the Signorina in her version of
graceful serpentine dance.AMIDST a host of friends and admirers of
various nationalities Dr. Jas. Canille, probably
the most able and genuinely public-spirited man
that ever resided in this colony, accompanied by
Mrs. Canille and his bright little babies, shook
the dust of Hongkong off his feet to-day, leaving
the port by the P.M. liner CHINA bound for
London. We cordially wish him bon voyage
and speedy recovery of his wonted health and
strength.As will be seen by an advertisement in another
part of this issue Signorina Bellafante will give
a popular Ballad Concert in the City Hall on
Saturday, the 15th Instant, assisted by a number
of local amateurs. This concert will be given
under the patronage of Admiral Buller, C.B.,
and half the proceeds will be handed over to the
Hon. Treasurer of the Edgar Relief Fund,
and this fact, irrespective of the Signorina's well
known accomplishments should ensure a crowded
house.A GENTLEMAN in Shanghai, who has recently
undergone at Saigon the Pasteur treatment
for the prevention of hydrophobia has given the
N. C. Daily News a reassuring account of his
experiences. There is a very general belief that
the method of inoculation is a severe ordeal, but,
on the contrary, it is said to be accompanied
by little discomfort. The patient is not
required to make any radical change in diet or
mode of living, and the "cure" comes a forth-
night. The inoculation is carried out by means
of a rather long needle, to which a syringe con-
taining the fluid is attached. The injection is
made on either side of the abdomen. The fluid
consists of the virus of a mad animal (dog or
rabbit) combined with a yellowish liquid. The
operation is simple in the extreme and resembles
vaccination against small-pox. Only the first three
or four punctures are noticeable, as they cause
some local inflammation, but hot baths
soon reduce this. For the first five or six days two
injections daily are considered necessary, after
which once a day is sufficient, the whole treat-
ment, as has been said, occupying a fortnight.
A sore throat, fever, and a nervous, anxious
feeling are the most pronounced symptoms of
the treatment, which so far has proved to be
unsatisfying.THE Selangor Journal, in the course of a de-
scription of how Chinese mining-jonglers are
organised there, thus sets forth the way the
miners keep order among themselves:—
As it is necessary where several hundred
men live together that order and discipline
should be strictly maintained amongst them,
the Chinese miners have wisely adopted a
sort of trial by combat martial which they call
"Beet-chals." The most common offence is
assault. In a fight the man that raises his hand
first is considered guilty than the one who is
provoked to fight, and if a man is wounded in a
disturbance the person who dealt the blow must
bear the expenses of his treatment by the village
"sinang" (doctor) and burn several hundred
of crackers as a peace offering. Sometimes the
guilty party is fined in pork—that is, he must buy
ten, twenty or more cabbages of pork according to
the enormity of his crime and treat the injured
party to a feast. In the case of his assaulting
the head overseer, clerk, or any of the superior
officers a whole pig is generally slaughtered at
his expense, and everyone in the kongsi enter-
tained at the feast. This is truly making the
reparation due to the kongsi which rules the
violation, to satisfy the head overseer or any
superior officer whom he may have assaulted,
he has also to burn several thousands of
crackers and to offer up joss sticks before the
altar.

6,000 men, at Kota, is to be closed. The fall in
prices has caused the miners to memorialise the
Government for a reduction in duty.YESTERDAY a sampan loaded with real live
pigs, while crossing over from Yau-mat-ti to
Victoria, was swamped in mid-harbour. The
sampler people were rescued by the crew of a
cargo-boat, but the piglets were sent to the
bottom of the deep blue sea.THE Singapore Press has heard that there
is a rumour that Sir Cecil Clement Smith,
late Governor of the Straits Settlements, was
offered, but declined to accept, the post of British
Ambassador to China lately filled by Sir Nicholas
Conroy, and now bestowed upon Colonel Sir
Claude MacDonald.We read in a Calcutta paper that the
Commander-in-Chief in India has confirmed the
appointment of Captain Wood, 7th Bombay Infantry,
viz., that he be cashiered for passing cheques
when he had no funds to meet them, and also
for disobeying the orders of the Commander-in-
Chief of Bombay.The programme of the Concert to be given by
Signorina Ferry in the Theatre Royal, City Hall,
on Tuesday next gives promise of a pleasant
evening, the songs and violin solos being well
arranged, the whole to be brought to a con-
cluding flourish by the Signorina in her version of
graceful serpentine dance.AMIDST a host of friends and admirers of
various nationalities Dr. Jas. Canille, probably
the most able and genuinely public-spirited man
that ever resided in this colony, accompanied by
Mrs. Canille and his bright little babies, shook
the dust of Hongkong off his feet to-day, leaving
the port by the P.M. liner CHINA bound for
London. We cordially wish him bon voyage
and speedy recovery of his wonted health and
strength.As will be seen by an advertisement in another
part of this issue Signorina Bellafante will give
a popular Ballad Concert in the City Hall on
Saturday, the 15th Instant, assisted by a number
of local amateurs. This concert will be given
under the patronage of Admiral Buller, C.B.,
and half the proceeds will be handed over to the
Hon. Treasurer of the Edgar Relief Fund,
and this fact, irrespective of the Signorina's well
known accomplishments should ensure a crowded
house.A GENTLEMAN in Shanghai, who has recently
undergone at Saigon the Pasteur treatment
for the prevention of hydrophobia has given the
N. C. Daily News a reassuring account of his
experiences. There is a very general belief that
the method of inoculation is a severe ordeal, but,
on the contrary, it is said to be accompanied
by little discomfort. The patient is not
required to make any radical change in diet or
mode of living, and the "cure" comes a forth-
night. The inoculation is carried out by means
of a rather long needle, to which a syringe con-
taining the fluid is attached. The injection is
made on either side of the abdomen. The fluid
consists of the virus of a mad animal (dog or
rabbit) combined with a yellowish liquid. The
operation is simple in the extreme and resembles
vaccination against small-pox. Only the first three
or four punctures are noticeable, as they cause
some local inflammation, but hot baths
soon reduce this. For the first five or six days two
injections daily are considered necessary, after
which once a day is sufficient, the whole treat-
ment, as has been said, occupying a fortnight.
A sore throat, fever, and a nervous, anxious
feeling are the most pronounced symptoms of
the treatment, which so far has proved to be
unsatisfying.THE Selangor Journal, in the course of a de-
scription of how Chinese mining-jonglers are
organised there, thus sets forth the way the
miners keep order among themselves:—
As it is necessary where several hundred
men live together that order and discipline
should be strictly maintained amongst them,
the Chinese miners have wisely adopted a
sort of trial by combat martial which they call
"Beet-chals." The most common offence is
assault. In a fight the man that raises his hand
first is considered guilty than the one who is
provoked to fight, and if a man is wounded in a
disturbance the person who dealt the blow must
bear the expenses of his treatment by the village
"sinang" (doctor) and burn several hundred
of crackers as a peace offering. Sometimes the
guilty party is fined in pork—that is, he must buy
ten, twenty or more cabbages of pork according to
the enormity of his crime and treat the injured
party to a feast. In the case of his assaulting
the head overseer, clerk, or any of the superior
officers a whole pig is generally slaughtered at
his expense, and everyone in the kongsi enter-
tained at the feast. This is truly making the
reparation due to the kongsi which rules the
violation, to satisfy the head overseer or any
superior officer whom he may have assaulted,
he has also to burn several thousands of
crackers and to offer up joss sticks before the
altar.THE Selangor Journal, in the course of a de-
